

Connecting Queer Communities

Planning Group Meeting 3

Friday, Oct 13, 2023

For the next two months, we hope to focus on the following six activities, as suggested by the six attendees of the meeting:

1) A Prom Night.

This will be for everyone who hasn't ever experienced a prom in high school. There can be music, snacks, and people can dress formally or casually.

2) Trans Movie Nights.

Shifting our focus away from 'Special' (the Netflix series about a gay man that we've been watching at Queer Movie Night), we can start watching shows that feature trans characters.

3) Food-based gatherings.

These can be potlucks, going out to restaurants together, anything involving dinner for the foodies of the group! Hanging out with other queer folks and eating is the best.

4) Peer Support Groups.

Helping each other find support groups and counseling services that help people who are transitioning and or queer or questioning.

5) Gathering together.

No matter what we do, it's more important that we're spending time together. That we don't harass or discriminate against each other. That we celebrate and appreciate each other.

6) Going out to gay bars.

More events like the Legends drag show we went to, and the Pumpjack and Junction pubs!
